Dear Helga,
**Grant awarded to the South Wairarapa Bridge Club under the Community Grant
March 2020 Funding Round**

Hi Helga,

Just following up your conversation with Katherine Gough regarding the above grant. The following is an explanation of why we have not yet taken it up. Could you please file this with our application.

The grant was to cover Bridge lessons for our members and costs included tutor fees, extra venue hire, manuals etc. However, because of the COVID 19 lockdown, the lessons did not go ahead in April as planned. When we began playing Bridge again, the committee felt that it was too late to start the lessons. This was because the lessons run for twelve weeks and once finished, learners need at least another eight to ten weeks playing to gain confidence to play in the club.

We have classes ready to go in April next year, so would like to take up the grant in March 2021.

Kind regards,

Pip Fowler (Secretary)
