1 September 2020

Kia ora Helga,

Thank you very much to the Greytown District Trust Lands Trust for their very generous grant of \$5005.00

The grant funded the purchase of many very exciting and interesting cultural resources that are a pleasing aesthetic addition to our physical environment and resources that have become integral parts of our children's' daily exploration and play.

Our major item purchased were 9 beautiful outdoor wall panels from Ako Learning Resources

Other purchases included: Blocks and Rubbing Boards purchased from Koru korua Tae

Indigenous Peoples Resources

Drums

Your very generous grant has enriched the culture of our kindergarten environment and has supported us to acknowledge the cultures of our Maori and Pasifika tamariki and their whanau. Also helping to create an environment where whanau feel a greater sense of belonging and where children can learn in an environment that is familiar and reflects the values of their culture.

Yours Sincerely

Denise Stone
