

Correspondence requiring review and response

Two items of correspondence received from Joseph Gillard on behalf of Cobblestones Museum Trust via email on Friday 11 February.

Mr Gillard has requested, and the Trust Chair has approved, that these be put before Trustees at the February Board meeting.

Appendix 1 is in relation to their ongoing ground rental concerns.

Appendix 2 is a request for a consent letter from the Trust as land owner to accompany a building consent application being put to SWDC.
