

## **Grants – individual education**

I have received applications from the final two students that we had committed to support under the individual education scheme.

Both have provided all the information required including payback for their grant awarded in March 2021. A summary is attached as Appendix 1.

I propose that both are paid the \$500 annual allocation with payment date being 31 March 2022.

A total spend of \$1,000 out of the budgeted \$5,000.

There are no further commitments to carry forward to 2022/23.
