Hello Helga

Thank you for your time on the phone this morning regarding funding from the Pipe Band trust fund.

Our South Wairarapa Pipe Band has eight committed players from all three towns of Greytown, Featherston and Martinborough. We have been out and about in the South Wairarapa for six months and hope to attract new members as people become aware of our existence.

We intend to update our uniform to become more a unit as funds allow. We would like to apply for any funding available from the Trust funds for this purpose.

Kind regards

Donald Wong
