

Statement of Investment Policies and Objectives (SIPO)

At the 29 June Board meeting Trustees approved in principle the adoption of the amendments to the SIPO for the 22/23 year. Mr Kempton suggested that under section 7. of the SIPO that the previous year's figures be included for comparison / tracking purposes.

This has now been added and the final amended version is attached for Trustees reference.

Please note the figures have also been amended to line up with the accounts as at balance date as per last year.

The updated version has been uploaded to the Trust's website.

Helga Perry
